

DO:

Include a brief and compelling headline or tagline that communicates the key value proposition of your app

Don't:

Overwhelm the onboarding page with too many login options, as it may confuse or distract users. Stick to a few popular and widely used options.

Do:
Display topics with clear and visually appealing images to help users easily identify and select their preferences.

Don't:
Force users to choose a minimum or maximum number of topics. Allow flexibility in the number of topics selected based on user preference.

China's foreign minister met with Tesla CEO Elon Musk, emphasizing the need for mutual respect in strained U.S.-Chinese relations. The meeting aimed to reassure foreign companies of their welcome in China. Amid tensions, China rejected a request for a meeting between its defense minister and the U.S. defense secretary. The Chinese minister highlighted the importance of peaceful coexistence and cooperation. Musk's visit aligns with China's efforts to attract investment. China expressed its commitment to openness and a favorable business environment. Tesla is open to expanding in China and opposes market decoupling.

YORK STOCK EXCHANGE

POST 10

Despite predictions of an impending U.S. economy has shown resilience. Several factors have contributed to strength. Delayed impact of international global liquidity levels, and the continued U.S. consumer have all played dark clouds loom on the horizon, in rate hikes, risks in the banking sectors, softening labor market conditions potential manufacturing recession suggest that a recession in the remains a possibility.
